e-Journées de la Neutronique

Tuesday, June 23rd, 2-5 p.m.

Login link coming soon

Program

14h: Marie Plazanet : introduction

14h15: Pascale Foury (Laboratoire de Physique des Solides, Orsay) :

High pressure and Multiferroics : contribution of neutron scattering

14h45: awarding of the SFN prize thesis

Stéphane Rols, prize organizer

Pascale Foury, jury president

Presentation of the work by the laureate

15h30: news from the French neutronics landscape

Grégory Chaboussant, Laboratoire Léon Brillouin

Virginie Simonet, Fédération Française de la Neutronique

Jacques Jestin, Institut Laue Langevin

Andreas Schreyer, European Spallation Source

Natalie Malikova, European Neutron Scattering Association

16h45: general assembly of the SFN

Online vote on the approval of the 2019-2020 balance sheet and election of new Board members (link coming soon).

20h: JDN dance floor (personal organization required, playlist available on demand ☺)
